## Popular Options

### Vertical Blinds

Transparent, filtering and darkening fabrics can be used for the screen, to protect against light and different weather conditions.

### Glass Doors

Completely unobstructed view to enjoy your outdoor space. The doors are anchored to the ground on sliding tracks allowing up to 8 sliding glass doors.

### LED Lights

Allowing you to achieve functional, elegant and contemporary illumination, perfect for restaurants and hotels wanting to enhance outdoor areas

### Brise Soleil

A perforated screen or louvres, perfect for shutting out direct or excessive sunlight within the building by deflecting the sunlights away.
