Med Azimut : Flat Retractable Fabric Pergola

Roof System: Retractable

Page 1 of 2

Gibus

A flat roof pergola with blackout retractable PVC fabric cover. Side closure incorporated into the system permits seamless install of vertical shade screens. This solution also permits install of glass walls and block out blinds giving shelter for any type of weather and ensuring privacy. Designed and manufactured by Gibus in Italy.

In Summary

Retractable roofing system with PVC fabric resistant to dirt and mould, with a UV rating of 90+ and being 100% waterproof. Due to the curved system within the cloth no slope is required for water drainage, the integrated gutters in the perimeter of the frame will direct rainwater to ground level through the posts.

Average Cost Per Square Metre (inc VAT)

	Width →				
Projection ↓	< 3m	< 4m	< 5m	< 6m	6m >
< 3m	£2,000	£1,650	£1,400	£1,200	£1,100
< 4m	£1,700	£1,400	£1,150	£1,000	£950
< 5m	£1,450	£1,200	£950	£850	£800
< 6m	£1,300	£1,050	£850	£750	£700
< 7m	£1,200	£1,000	£800	£700	£650
7m >	£1,200	£950	£800	£700	£650

Example
 Width = 5.5m
 Projection = 4.5m
 → 24.75m² coverage
 → ~ £850 per m²

Key Features

Sun Protection

Regulates heat and glare off patio and attached building while protecting from harmful UV rays.

Water Run Off

Curved system of beams which supports the covering and diverts water to the edge of the frame.

Integrated Guttering

A gutter system integrated into the frame and leg posts which neatly removes water to the ground surface.

Popular Options

Drops Blinds

Blind in self-supporting vertical box cassette with guides including ZIP system for complete wind and rain protection.

Glisse Sliding Glass Walls

Sliding glass walls on stainless steel tracks, in 2, 3 or 4 way solutions and up to 8 doors without perimeter profiles. Toughened safety glass from 10 to 12mm thick

Skate Folding Glass Walls

Sliding and folding wall panels made of toughened 10mm safety glass without perimeter profiles.

RGB LED Strips

RGB LED strips applied along the inside perimeter. Set a single colour choice from 7 options: white, yellow, orange, red, green, blue and purple. Or create your own light program.

Perimeter LED Spots

Rectangular LED spotlights integrated inside the perimeter gutter of the structure. Arranged every 50 cm in groups of 6 per light point, each 3 Watts.

Blade LED Spots

Rectangular 3 watt LED spotlights integrated inside the blades to guarantee excellent light distribution over the entire surface covered.
